EPA REQUIREMENTS

At the end of an apprenticeship, learners are required to carry out End-Point Assessment.

The EPA components for this standard are:

Apprentice Showcase • Practical Observation • Professional Discussion

HOW IT WORKS

1. SCOPING SESSION

We provide an initial scoping session, which includes everything from mapping the Job Role to the correct Level Apprenticeship, agreeing delivery programmes and helping employers understand the apprenticeship funding process.

2. ENROLMENT

We enrol/induct the learners and explain how a bespoke delivery plan, based on the requirements of the business, will work in practical terms.

3. DELIVERY

Over the duration of the training we support the learners in the workplace with face to face and remote sessions. We also support the apprentices' mentor and/or line manager's involvement in overseeing the Apprenticeship training.

4. ASSESSMENT

We arrange all relevant End-Point Assessment and prepare the learner on what to expect during End-Point Assessment.

5. CERTIFICATION

Following the successful completion of the training the learner receives their certification.
